

AutoCAD 2012 Update For 2011 users

Course | 1 day *

Class Hours | 8:30am - 4:30pm

AutoCAD 2012 Update introduces the new features of AutoCAD 2012 for users of AutoCAD 2011. Among the many changes in this new release are interface components such as, Command Line, Ribbon, Multifunctional Grips, Quick Properties and many more. Explore updates to Fillet, Chamfer, Join, Spline, Multileaders and creation previews. Many new tools including Nudge, Blend Curve, DWG Convert, 3D Offset Edge, and Associative Array commands are covered. Automatically generate Intelligent Documents.

Prerequisite: Basic knowledge of a current Windows Operating System and production experience using AutoCAD 2010.

*The suggested course duration is a guideline. Course topics and timeline may be modified by the Instructor based upon the knowledge and skill level of the course participants.

What students are saying about our courses:

"I loved how the instructor focused the materials to our needs and uses. Great course!"
- Matthew Crockett,
Aquaterra Environmental Solutions

"The instructor was very knowledgeable and ensured everyone grasped the concepts before moving on. He answered all questions even if they were outside the scope of the class. Great job!"

- Vern Howard,
Honeywell FM&T

Interface and General Enhancements

User Interface Enhancements

- Command Line & Ribbon
- Quick Access & Infocenter Toolbars

Object Selection & Grouping

- Selection, Grouping Interface & Snap Mode Updates
- Quick Properties

Command Enhancements

Modifying Command Enhancements

- Fillet & Chamfer, Join, Nudge
- Delete Duplicate Objects

Spline Updates

- Blend Curve
- Spline Command Enhancements

Array Updates

- Creating and Editing

Style and Palette Updates

- External References
- Multileader Style Enhancements

3D Modeling

Working with UCS

- Direct Manipulation

3D Model Import

3D Enhancements

- Creation Preview
- Offset Edge
- Trimmed Surface Properties
- Presspull
- Point Cloud
- 3D Associative Array
- 3D Autosnap Marker
- Automatic Model Documentation

Customization and CAD Management

DWG Convert

- Conversion Setups
- Batch Convert

Customization and Exchange

- Migration and Reset to Default
- File Support
- Plot Files Search Path
- Autodesk Exchange

InfoCenter Access

- Autodesk Exchange Help
- Keyword Search

AutoCAD WS

- Working with Content
- Sharing Drawings

Content Explorer

- Search Options
- Display Options
